Online safety

When we return to school in the Autumn term, we are incredibly lucky that Rachel Wallace from the NSPCC will visit Stoke Prior to give a talk to parents and carers about Online Safety for 4-9 year olds.

This will include advice on how you can support your child to stay safe when using the internet, including staying safe when using online gaming platforms and on-demand services. In this ever-changing world of technology, it is important to keep updated with the latest advice as to how families can stay safe in the online world and so we hope that you are able to take the opportunity to attend the workshop.

The talk will be held on Tuesday 19th September from 2:30pm-3:30pm in the school hall. Please register your interest through our online form [here](#).
