

Stoke Prior First School

Pupil Premium Policy

Background

The pupil premium is a government initiative that targets extra money at pupils from deprived backgrounds. Research shows that pupils from disadvantaged backgrounds underachieve compared to their non-disadvantaged peers. The premium is provided to enable these pupils to be supported to reach their potential.

The Government has used pupils entitled to free school meals (FSM), looked after children and service children as indicators of deprivation, and have provided a fixed amount of money for schools per pupil based on the number of pupils registered for FSM over a rolling six year period.

At Stoke Prior First School we will be using the indicator of those eligible for FSM as well as identified vulnerable groups as our target children to 'close the gap' regarding attainment.

Context

When making decisions about using pupil premium funding it is important to consider the context of the school and the subsequent challenges faced. Common barriers for FSM children can be less support at home, weak language and communication skills, lack of confidence, more frequent behaviour difficulties, and attendance and punctuality issues. There may also be complex family situations that prevent children from flourishing. The challenges are varied and there is no "one size fits all".

Key Principles

By following the key principles below, we believe we can maximise the impact of our pupil premium spending.

We will provide a culture where:

- Staff believe in ALL children
- There are "no excuses" made for underperformance
- Staff adopt a "solution-focused" approach to overcoming barriers
- Staff support children to develop "growth" mindsets towards learning

We will ensure that:

- All staff are involved in the analysis of data so that they are fully aware of strengths and weaknesses across the school
- We use research from the Education Endowment Foundation to support us in determining the strategies that will be most effective
- ALL teaching staff and support staff are involved in the analysis of data and identification of pupils
- ALL staff are aware of who pupil premium and vulnerable children are
- ALL pupil premium children benefit from the funding, not just those who are underperforming
- Underachievement at all levels is targeted (not just lower attaining pupils)
- Children's individual needs are considered carefully so that we provide support for those children who could be doing "even better if....."

Improving Day to Day Teaching

We will continue to ensure that all children across the school receive good teaching, with increasing percentages of outstanding teaching achieved by:

- High expectations
- Ensure consistent implementation of the non-negotiables, e.g. marking and guided reading
- Share good practice within the school and draw on external expertise
- Provide high quality CPD
- Improve assessment through moderation

Increasing learning time

We will maximise the time children have to "catch up" through:

- Improving attendance and punctuality
- Providing earlier intervention (EYFS and KS1)

Individualising support

We will ensure that the additional support we provide is effective by:

- Looking at the individual needs of each child and identifying their barriers to learning
- Ensuring additional support staff and class teachers communicate regularly
- Matching the skills of the support staff to the interventions they provide
- Working with other agencies to bring in additional expertise
- Tailoring interventions to the needs of the children

Monitoring and Evaluation

We will ensure that:

- A wide range of data is used – achievement data, pupils' work, observations, learning walks, case studies, and staff, parent and pupil voice
- Assessment Data is collected half termly so that the impact of interventions can be monitored regularly
- Assessments are closely moderated to ensure they are accurate
- Teaching staff and support staff attend and contribute to pupil progress meetings each term and the identification of children is reviewed
- Regular feedback about performance is given to children and parents

- Interventions are adapted or changed if they are not working
- Case studies are used to evaluate the impact of pastoral interventions, such as on attendance and behaviour
- The SLT maintains an overview of pupil premium spending
- A governor is given responsibility for pupil premium

Reporting

When reporting about pupil premium funding we will include:

- Information about the context of the school
- Objectives for the year
- Reasons for decision making
- Analysis of data
- Nature of support and allocation
- Learning in the curriculum
- Enrichment beyond the curriculum
- Families and community
- An overview of spending
- Total PPG (pupil premium grant) received
- Total PPG spent
- A summary of the impact of PPG
- Performance of disadvantaged pupils (compared to non-pupil premium children)
- Other evidence of impact e.g. Ofsted, Accreditations
- Case studies (pastoral support, individualised interventions)
- Implications for pupil premium spending the following year

The Governing Body will consider the information provided and will ensure that there is an annual statement to the parents on the school website outlining how the Pupil Premium funding has been used to address the issue of closing the gap for pupils eligible for Pupil Premium. This task will be carried out in line with the requirements published by the Department for Education.
