Summer updates

On Sunday morning, a small group of children and parents took part in a church service at St Michael's. The children sang songs, made models, listened to a story and then had cake and a drink. The 20 minute Sunday service takes place once a month and is a lovely opportunity for the children to share some of the songs they learn in school and take part in a valuable community event. The next service will take place in July so look out for the date later and everyone is welcome.

After the service, another group of willing parents braved the extreme heat to remove the old timber trail playground in preparation for the installation of our new climbing frame in early July. I am so grateful to Mr and Mrs Laver, Mr Edwards and Mrs Hammond-Morrall for helping the school save over £2000 which was quoted by the company to remove the old play equipment. The money saved means we get a better climbing frame! The children remain very excited about having something new to play on and I look forward to sharing more updates later.

As the weather is now so warm can you please ensure you send a cap or sun hat into school each day. Please also apply sun cream before your child comes to school. We are encouraging the children to drink plenty of water and they are able to refill their bottles during the day. As we are a Healthy Eating school, can we remind you that only water is allowed in drinks bottles. This also ensures that there are no spillages of sticky drinks around school.
